IN THE DRAWINGS:

Please amend Figure 2 as illustrated in red on the attached photocopy.
Figure 2 has been amended to add reference numeral --21--.

REMARKS

Claim Rejections

Claims 1-10 are allowed.

Amendments to Specification

Applicant has amended the Specification as noted above to cure obvious grammatical and idiomatic inaccuracies. It is believed that the foregoing amendments to the Specification overcome the outstanding objections thereto. No "new matter" has been added to the original disclosure by the foregoing amendments to the Specification.

Drawings

Applicant proposes to amend Figure 2, as illustrated in red on the attached photocopy. In Figure 2, it is proposed to add reference numeral --21--. No "new matter" has been added to the original disclosure by the proposed amendment to this figure. It is believed the foregoing proposed amendment obviates the outstanding objection to the drawings. Approval of the proposed drawing change is respectfully requested.

Claim Amendments

By this Amendment, Applicant has amended claims 1-6 and 8 of this application to obviate the objections set forth in the outstanding Office Action. It is believed that the amended claims specifically set forth each element of Applicant's invention in full compliance with 35 U.S.C. § 112, and define subject matter that is patentably distinguishable over the cited prior art, taken individually or in combination.

Since claims 1-10 have been indicated as being allowable, no detailed discussion of the cited prior art references is believed to be necessary.

Summary

In view of the foregoing amendments and remarks, Applicant submits that this application is now in condition for allowance and such action is respectfully requested. Should any points remain in issue, which the Examiner feels could best be resolved by either a personal or a telephone interview, it is urged that Applicant's local attorney be contacted at the exchange listed below.

Respectfully submitted,
